## **Mission Statement**

The School Counseling Team of the South Buffalo Charter School utilizes a proactive approach to encourage healthy social-emotional development by providing a continuum of student and family support to promote academic, social and emotional success at SBCS and beyond.

## **District Mission Statement**

The South Buffalo Charter School is a Professional Learning Community. Our focus on learning is driven by research, data and collaborative reflection to increase student achievement. We are dedicated to creating students that are prepared for the 21<sup>st</sup> century through an environment that encompasses character education, technology integration and rigorous academics.

# Philosophy and Beliefs

## **SBCS counselors believe:**

1. All students are capable of achieving success.
2. All students have dignity, worth, unique characteristics and potential.
3. All students should be active participants in achieving their goals.
4. All students learn best when they are meaningfully engaged in their learning.

## **We believe the school counseling program:**

1. Is available to empower all students.
2. Is comprehensive, developmental and central to the school mission.
3. Is proactive in supporting all students to achieve success in school and to be responsible and productive members of society.
4. Is available to families, staff and the community in support of all students.

## **All school counselors advocate for students by:**

1. Facilitating resiliency and belonging through listening and responding to student needs and interests.
2. Promoting a positive, safe and healthy school wide culture.
3. Possessing expertise, specialized training, and NYS certification in school counseling.
4. Abiding by ASCA ethical standards.

# Goals

The purpose of South Buffalo Charter School's *Comprehensive K-8 School Counseling program* is to deliver services based on nationwide standards in every support service area. Our team provides academic, career, personal/social, and responsive services to ensure that the goals listed below are achieved.

## **Academic:**

- To provide academic support for all students
- To help students develop decision-making and problem-solving skills
- To encourage students to become self-directed, independent learners

## **Personal/Social:**

- To teach students to embrace diversity and promote tolerance
- To infuse character education within the school environment
- To teach students coping skills for daily living
- To encourage student citizenship in the community

## **Career:**

- To allow students to explore creative interests
- To assist students in pursuing secondary goals
- To promote student knowledge and understanding of future career exploration

## **Responsive Services:**

- To impart lifelong learning skills for continued personal growth
- To maximize support services in times of crisis
- To utilize collaboration, counseling, consultation and coordination with fidelity

# Standards

All members of the School Counseling Team follow a set of standards specific to their area of expertise that allow them to effectively meet student needs. The standards for school counselors are shown on the following pages.

## American School Counselor Association (ASCA) National Standards for Students

### The ASCA Mindsets & Behaviors for Student Success:

#### K-12 College—and Career-Readiness Standards for Every Student

*Each of the following standards can be applied to the academic, career and social/emotional domains.*

#### Category 1: Mindset Standards

School Counselors encourage the following mindsets for all students.

1. Belief in development of whole self, including a healthy balance of mental, social/emotional and physical well-being

## Program Components

The components of our program include: responsive services, system support, school counselor/administrator collaboration and use of data. Descriptions of these components are listed below.

### Responsive Services

Responsive services within our program consist of activities that meet the immediate needs of students. These needs or concerns may warrant counseling, consultation, referral, or peer mediation.

- **Consultation:** working with parents, teachers, students and other involved parties to develop strategies to assist students in meeting academic and personal goals.
- **Counseling:** providing a confidential environment in which students can explore concerns, feelings and behaviors in a group or individual setting; topics may include grief, anxiety, family issues, social and relationship issues, behavioral concerns, depression, self-esteem, academic achievement, study skills, student/adult issues and abuse.
- **Crisis Counseling:** providing prevention and intervention; such as counseling is short-term in nature and addresses an immediate concern; topics may include death, suicidal ideation, family crisis, illness, acts of aggression and environmental/community events.
- **Referral:** referring students and their families to appropriate internal and/or external services as needed. Appropriate resources outside of school can be recommended to parents by a School Counselor based on student need. Parents/Staff wishing for a child to be seen by a School Counselor need to submit a referral form which can be obtained from a Teacher or a School Counselor.
- **Peer Mediation:** student to student supports to address peer relations and social conflict.
- **Prevention Activities:** formal and informal activities at every level that include topics such as bullying, name-calling, youth violence prevention, tobacco/drug prevention and awareness, internet awareness, cyber bullying, positive behavior supports and character education.

## System Support

System support consists of management activities that establish, maintain, and enhance the total school counseling program.

- **Professional Development:** updating knowledge and skills by participating in training, professional meetings, conferences, and relevant coursework.
- **Program Promotion:** providing orientation and information regarding programs to the greater community via websites, newsletters, and community presentations.
- **Teacher and Faculty Consultation:** working with teachers and other faculty members to address the needs of students; participating with committees and in-service programs.
- **Parent and Community Outreach:** providing ongoing support and information to the greater community regarding student needs.
- **Research:** utilizing research in the development of our program.
- **Program Evaluation:** collecting and analyzing data in order to evaluate and update our program.

## School Counselor /Administrator Collaboration

School Counselors and Administrators collaborate regularly regarding responsibilities, expectations, and student outcomes.

## Use of Data

Analysis of data drives our program. Data is used for program evaluation to ensure that our program is effective in meeting the needs of the students in our district. Data is also used in monitoring individual student progress to ensure that all students are receiving the support necessary to achieve academic success. Some sources of data used by the team to evaluate individual progress and program efficacy are: demographic data, graduation rates, classification rates, special education data, state test results, standardized test results, high school acceptance data, attendance records, progress monitoring data, curriculum based measurements, progress reports, report cards, failure lists, behavior charting data, discipline data, suspension reports, Academic Intervention Services eligibility rates, and needs assessments.

## Curriculum

The ***School Counseling Program*** curriculum consists of structured developmental lessons designed to assist students in achieving the competencies. It is presented systematically to all students in grade K-8 through classroom and group activities. The curriculum is organized to help students acquire, develop, and demonstrate competencies within the three domains.
