

SBCS Student Computer Acceptable Use Agreement

As students are responsible for their behavior in school each day in the halls, classrooms, and on school grounds technology use is no exception to the rules. South Buffalo Charter School provides computers networked and available with internet access for all students attending SBCS. Students are provided with a log-in name and password at the start of each academic year. They are expected to abide by all of the rules and regulations regarding technology utilization. Those students who break the rules and regulations will be subject to disciplinary action and consequences that may result in loss of all privileges and technology resources, suspension from school, and where appropriate law enforcement authorities may be contacted. All students must understand that the following are not permitted on school technology resources:

- Sending, receiving or displaying offensive messages, pictures or other inappropriate or offensive language
- Harassing students, staff, or the public through email pictures, instant messages or other forms of communication.
- Viewing, changing and opening files in someone other than your own home directory.
- Using someone other than your own password and login account
- Employing the network for commercial purposes.
- Violating copyright laws.
- Damaging and misusing technology resources and property belonging to South Buffalo Charter School.

Student User Agreement/Parent Permission Form

Student Name (PRINT): _____

Student Signature

Date

As a parent or legal guardian of the student listed above, I give permission for my child to access networked computer services including software and internet access provided and monitored by South Buffalo Charter School. I understand that any inappropriate use or damage of technology resources will result in appropriate disciplinary action and coverage of expenses for repair or replacement. I understand that the South Buffalo Charter School technology department will routinely monitor files and sites viewed as well as actions taken by the above named student. I will accept responsibility for their actions and will monitor my child at home when using technology and I will continue to model, promote, and teach appropriate use of technology resources.
